Dear Friends,

The Temple Theatre was originally built in 1925. Over the years, the building has hosted and produced shows that have entertained over a million people from across the region and beyond.

In its current form, the Temple Theatre Company has been producing shows for 35 years. Last year, over 30,000 people attended shows at the Temple, and nearly 11,000 students participated in our wide array of educational programs.

The sustained success of the Temple and its ability to entertain, educate, and enlightened our community is reliant on financial support from every corner of our community.

In each of the last nine years, the Temple Theatre Golf Tournament has been one of our biggest fundraisers. With your help, we're certain that will be the case again this year.

Thanks for your support!

Sincerely,
